Mezzaluna Chopping Set

Chop in style with **AR+COOK's** Mezzaluna Chopping Set featuring a crescent-shaped mezzaluna with a forged 6" stainless steel blade and an "Air-gonomic 180" grip handle – constructed of pockets of pressurized air to absorb the shock of vigorous blade work. The rocking motion of the mezzaluna provides a quick and easy way to mince herbs, chop nuts and more. The 10" double-sided chopping bowl features bamboo on one side and polyethylene on the other, allowing users to designate one side for meat and the other for vegetables, to lessen cross-contamination. The bamboo surface, a sustainable material that is 16% harder than maple, is bonded with food-safe, US-certified formaldehyde-free adhesive, and contains no dyes or stains. The sturdy polyethylene surface is nonporous, odor-resistant and will help keep the mezzaluna's blade sharp while it naturally resists deep scratches. The zinc collection is available in pink, purple, green or orange with a suggested retail price of \$50. The titanium collection is available in black or white with a suggested retail price of \$65.
