### Seafood Cracker Set

**AR+COOK's** Seafood Cracker and Scraper Set features a whale-shaped cracker designed for strength and ease of comfort with hinged zinc handles that swing wide to wrap around the largest claws. The set also includes four 8" stainless steel seafood scrapers designed to resemble swimming fish. These slender utensils include a spoon on one end and a fork on the other to extract every succulent morsel out of the shell. The cracker's and scraper's dual-sided, cushioned grip will help prevent "butter fingers" at the table and leave no chance for lobster or crab shells to escape one's grasp. The zinc collection is available with pink, purple, green or orange with a suggested retail price of \$30. The titanium collection is available with black or white with a suggested retail price of \$40. For additional **AR+COOK** products, visit [www.artandcook.com](http://www.artandcook.com).
