Silicone Basting Brush

Bring on the sauce with **AR+COOK**'s silicone basting brushes. When whisking up flavors and basting with extra-juicy strokes, use the tapered, outer bristles. For a more delicate touch with smaller jobs, twist the handle to push out the arched, inner bristles. Heat resistant up to 600 oF/ 315 oC, the silicone bristles are easy to clean, dishwasher-safe and always spring back to shape. Its curvaceous bristle design allows users to brush on more sauce with fewer strokes. The basting brushes are available in 9" and 12" sizes. The zinc collection is available in pink, purple, green or orange with a suggested retail price of \$15 for the larger brush and \$14 for the mini brush.
